Reviews

This written publication is wonderful. It is probably the most incredible publication i actually have read through. Its been written in an extremely basic way in fact it is merely following i finished reading this publication where basically transformed me, alter the way i believe.

Lippincott Williams and Wilkins. Paperback. Book Condition: new. BRAND NEW, Psychiatric-Mental Health Nursing (6th revised international ed), Sheila Dark Videbeck, Succeed in your course and prepare for effective practice with Psychiatric Mental Health Nursing: 6th Edition. Focused throughout on helping you develop the skills and knowledge you'll need on the job, this practical book explores the full psychiatric nursing curriculum and gives you opportunities to practice specific nursing interventions, build therapeutic communication skills, and apply content within the framework of the nursing process. A study guide built into every chapter helps you master key concepts and build critical reasoning skills. You can identify major disorders through clinical vignettes that "paint a picture" of the disorder in action. You can prepare for effective practice with Best Practice boxes. You can increase your clinical decision-making skills with the Psych Nursing Online Video Series that shows realistic patient scenarios, and then asks you to make decisions and answer questions. You can learn what to look for in your clients through non-judgmental, cartoon-like illustrations that depict disorders. You can master key concepts and skills through Critical Thinking questions, Chapter Reviews, and a built-in chapter Study Guide that provides workbook-style fill-in, short-answer, and NCLEX-style questions that test knowledge and understanding. Answers appear at the back of the book. You can enhance your personal and professional development through chapter-ending Self-Awareness features that encourage you to reflect on yourself, your emotions, and your attitudes. You can build skills in culturally sensitive practice through Cultural Considerations sections. You can enhance your therapeutic communication skills through Therapeutic Communication Dialogues, which are set off with an icon and give specific examples of nurse-client interactions. You can strengthen your role as an educator through Client/Family Education boxes.
