CENGAGE LEARNING, 2015. Mixed media product. Book Condition: New. Language: English . Brand New Book. Dr. James W. Kalat s BIOLOGICAL PSYCHOLOGY is the most widely used text in the course area, and for good reason: an extremely high level of scholarship, a clear writing style with amusing anecdotes, and precise examples. Throughout all editions, Kalat s goal has been to make biological psychology accessible to psychology students, not just to biology majors and pre-meds. Another goal has been to convey the excitement of the search for biological explanations of behavior, and Kalat delivers. Updated with new topics, examples, and recent research findings--and supported by virtual bio-labs and other interactive learning tools in the MindTap online learning platform--this text speaks to today s students and instructors.
