Brand New Book ***** Print on Demand *****.As a coach, you have a lot of things on your mind, from game-planning to managing the diverse set of personalities on your roster. But no matter which sport you re coaching, there s an important element of the game you shouldn t overlook: your team s uniform. Your uniform is what your fans see when they come to see you play. It s what your opponents see when your players take the field. And it s what your players see hanging in their lockers. True, a uniform can t single-handedly transform a bad team into a good one, but it can give your players that extra bit of pride and inspiration that gives them that intangible edge. In this booklet, written by a leading professional in the uniform-supply business, you ll learn: The difference between custom uniforms and stock uniforms How to design home, road, and alternate uniforms What to think about when coming up with a logo How to come up with effective color combinations Rules for practice and warm-up attire The proper way to use patches, stripes, and other graphics How a good uniform set can turn your team into a program.
