

The Complete Idiot's Guide to Weight Training

Filesize: 9.6 MB

Reviews

A must buy book if you need to adding benefit. Better then never, though i am quite late in start reading this one. I am very happy to inform you that this is basically the very best book we have study during my own life and could be he finest ebook for possibly.

(Rodger Hane)

THE COMPLETE IDIOT'S GUIDE TO WEIGHT TRAINING

ALPHA, 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: In the old days, a weight room was the exclusive realm of hardcore bodybuilders who communicated in grunts and aimed to be the size of small buildings. Now research tells us that weight-training can benefit everyone: it works in conjunction with aerobic activity to build lean body mass (in other words, muscle!), strengthen the heart, and burn fat. The Complete Idiot's Guide to Weight Training is a fun, easy to follow guide to pumping up for everyone, whether you're aiming to get ripped or just want a little tone. The book covers weight-training machines versus free weights; how to set one's weight and reps (and then adjust them as one progresses); the pros and cons of powders, potions, and other supplements like creatine; how to choose a personal trainer; and injury prevention. For both beginning and advanced weight-trainers, The Complete Idiot's Guide to Weight Training is one mega-sized gym buddy.
