

## Auditing Business Continuity: Global Best Practices (Paperback)

By Rolf Von Roessing

Rothstein Associates Inc., United States, 2010. Paperback. Book Condition: New. 269 x 213 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Endorsed by The Business Continuity Institute. - Contains a comprehensive, detailed business continuity audit plan - Includes sample audit report and work papers - An ideal resource for consultants or auditors, as well as internal business continuity planners! - International in scope - includes country-specific guidelines. This book presents a general methodology and a framework for auditing Business Continuity Management (BCM). The main purpose is to provide a single work of reference for auditors, managers working in business continuity and consultants. BCM is a complex field. It covers business issues and technology with a perspective on the entire enterprise. The business continuity manager, and the auditor, require a diversified set of skills and extensive knowledge to assess business continuity as a question of business survival. There has been a lot of confusion about the terms business continuity, disaster recovery, IT security and many other words attempting to describe the continuation of critical business processes under adverse circumstances. However, for the auditor these terms refer to one and the same notion: businesses should take adequate precautions to...
