Stylus Publishing, United States, 2004. Paperback. Book Condition: New. 2nd Revised edition. 272 x 211 mm. Language: English . Brand New Book. Competition for the best teaching jobs is becoming more intense. Since publication of the first edition, when it was mainly the most desirable schools that were deluged by applications, the economic climate has made the teacher market more competitive across the board, and is changing hiring practices. Now extensively revised, this book maintains its place as the most up-to-date book available on job hunting for teachers. The authors cover changes in the educational marketplace; the new mandates about standardized testing and public reporting of student achievement and what they mean for applicants; how new certification standards and schools requirements affect career changers; the growing acceptance of on-line applications and electronic portfolios; and provide additional advice for teachers applying to change schools or districts. This is also the only guide written by school administrators. Offering the insights and experience of two authors who do the hiring, it details a step-by-step program for taking charge of your teaching career.
